## Principal's Message

I want to thank everyone for their efforts with fundraising for the Heart & Stroke Foundation. Our goals was to raise $2,500 and we far exceeded this amount. We raised a total of $3817.53. Well done!

Our computer lab has a new look. We've upgraded to new iMac desktops. The students enjoy using these new computers and the new software as well.

# General Reminders

Lost and Found: Please have a look at our blog for items that you may be missing: academylostandfound.wordpress.com.

Bricks4Kidz: Sign up for the camp held at Asasa during spring break at www.bricks4kidz.com/clagary.

Science Fair: If your child volunteered to be part of the science fair, be sure to help them with their project so it will be ready for April 15th.

Stay Up-to-Date: For the most recent, up-to-date information on events, check the classroom blogs or the website www.asasa.ca/northmount-calendar

# February Events

## 100 Days

February 10th marked the 100th day of class for this academic year. Students celebrated by doing a variety of activities that required them to count to 100.

## Monthly Assembly

The students in Mrs Jawanda, Ms Palmer, and Ms McCrae's classes did an excellent job sharing about what it means to be kind.

## Martial Arts Awards

Congratulations to Jaime, Jann, Emin and Tanvir for earning their yellow belts in Martial Arts.

# Health Matters

Deep freeze temperatures and sheets of ice may have you hiding indoors. However, being sedentary contributes to heart disease, diabetes, cancer, and unhealthy weight gain.

This winter, Alberta Health Services is encouraging all Albertans to leave the hibernating to the bears and to take a cue from some web-footed friends instead....Enjoy the winter wonderland safely by learning the penguin walk! Watch a great new short Penguin Walk animation from AHS (at www.penguinwalk.ca )

Spread the word on social media and show Alberta how your family is doing the penguin walk, using #penguinwalk.

# Monthly Value: Initiative

As we explore the value of Initiative during the month of March, students will learn about David Suzuki.

David Suzuki is a scientist and environmental activist. He has helped popularize science and is well known for his TV and radio series, documentaries and books about nature and the environment. Mr. Suzuki has won a long list of Canadian and international honours.
