ECS (JUNIOR KINDERGARTEN / KINDERGARTEN)

May 2023

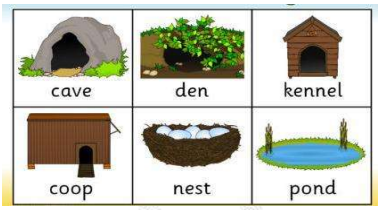

Dear ASASA families/students,

We wish you all a wonderful start to the month of May as we embark on our final two months of school. We want to express our heartfelt appreciation for all the support and co-operation you have extended since the start of the school year. We hope to continue this successful relationship with you in the coming days!

Theme of the month

Our environment and Community

Community

My community has many important places.

Children will show an understanding of their environment, interrelationship between elements of the environment. Environment refers to physical surroundings, man-made structures in addition to plants, animals and humans. They are going to learn about different types of houses for people, animals, and birds. They will recognise that the houses and other buildings are built according to need, season, and weather.

Children will also explore familiar places and things in their community.

They will be able to:

- discuss the importance of a clean and healthy neighbourhood.
- comprehend and speak about the places in their neighbourhood.
- demonstrate the importance of a neighbourhood, community formation, main roads etc.

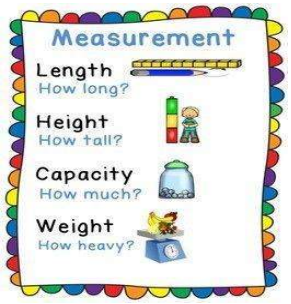

● understand the interdependence of each member of the neighbourhood.

● appreciate the importance and significance of the places like library, post office, grocery store, and police station.

They will explore and respect their environment and community.

Concepts We Will Be Covering This Month

Numeracy: This month students will review writing numbers 1-10 and practice working with numbers 1-15. Backward counting, what comes before and after? Topic of **measurement** will be continued (size, weight; height; capacity, area and Mass). Students will use direct measurement to compare two objects. **Addition** will be introduced.

Literacy: We will cover segmenting, blending, rhyming words this month. Jolly Phonics songs, sight words, beginning/ ending sounds will also be part of this months' learning.
Story time: Wednesdays.

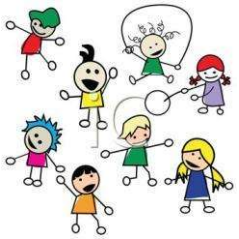

Self- Expression activities: The weekly show and tell activity every Friday helps to build students' confidence in self-expression. Students learn to express themselves through language, art, movement, and music.
Science Fair and **Talent show** will give them a wonderful opportunity to express themselves in front of their peers.

Social studies: This month students will explore the theme of ***environment & community*** with various sub-topics, theme-related art and show and tell activities.

Physical skills and well-being: Students will develop attitudes and behaviors that Promote a healthy lifestyle, wellness and safety for self and others.

Other Information

Uniform: Please ensure your child dresses in uniform every day. Students are not to wear jewellery or other accessories to school.
Spring Clothing and Sunscreen: Please send your child to school with labeled and appropriate spring clothing such as a hat, and a light jacket. If desired, please also put sunscreen on your child before sending them to school.
