

Happy New Year, January 2024

Theme of the Month: **Community helpers, Neighbourhood, Transportation.**

Dear Parents/Guardians,

Welcome to 2024!

ASASA Academy wishes all our families a healthy ,happy, and successful new year!

We hope that everyone enjoyed a lovely, relaxing winter vacation that allowed you to spend lots of time with friends and family. Our eagerness to have our kids return to our classrooms and offer them some incredibly captivating educational experiences is overwhelming. At ASASA, we take great pride in offering kids the best education possible, and we're excited to keep working together as a team to support their intellectual, physical, and emotional development.

We also wanted to take this time to thank you for all of your support during the first term of classes. We hope that term two will pick up the same pace as term one. We would like to thank each and every one of you for your patience, adaptability, and support during term one. We acknowledge and are grateful for your assistance during the first term.

Points to remember: Please ensure your child
dresses in uniform every day unless otherwise specified.
has labelled winter clothing such as a hat, gloves, boots etc.
has healthy snacks,No candies in snack

Concepts We Will Be Covering This Month Social

Social Studies: The theme for this month is **Community helpers.** Community helpers are people who work in the community for its overall well-being. They are from all walks of life and are considered by others to be helpers. We are arranging for a few community volunteers to come speak on our campuses, providing our children with an opportunity to be inspired by these wonderful individuals.

Mathematics: Continue to focus on the counting and formation of numbers 1-10. Backward counting, skip counting will be part of it.

Term 2: SHAPE & SPACE (Measurement), 3D shapes. Measurement (heavy and light, short and tall) Compare two objects by various attributes: Color, Same and different size, and shape Sizes: Small, medium, large.

English Language Arts: Alphabet recognition and phonemic awareness (Jolly Phonics Group 4). The focus will be on learning sight words, word families beginning sounds, and segmenting sounds (group 1- 3) to make two/ three letter words and read some sight words.

https://youtu.be/jiEv6VTDt5c?si=gHNxxeC5pAqBaER8

Science: Science will deal with matters and investigate them. The only substance that exists in all three states is water. Students will learn through gases and solid related experiments.

Physical Skills and Well-Being: Establish a mindset and conduct that supports wellness, safety, and a healthy lifestyle for oneself and others. Living an active lifestyle is also something you should take responsibility for.

Art: Engage in show and tell activity games, finger plays, and action songs. By engaging in art projects that involve coloring, painting, cutting, pasting, and exploring different materials, students will be able to express their creativity and develop their fine motor skills.
