

June 2024

Theme of the month:

SUMMER FUN

Dear ASASA families/ students,

It is hard to believe that the end of the school year has arrived! The months passed surprisingly quickly and we're now in the last month of our academic year!

There is always an incredible feeling of accomplishment at the end of the year. We honour the knowledge we successfully obtained this year. During the year, each student of ASASA Academy has laid out a firm foundation for their future.

Our staff and teachers have done their best to impart knowledge in a fun and engaging way. We will continue working towards your children's academic, social, and emotional growth in future as well. Our goal is to prepare our young learners for tomorrow, empowering them to shape the world into a place they want to live in.

We also thank you for your continued support, kindness, and for always being there whenever we required your help. Your contribution throughout the year was noticed and appreciated. We certainly could not have done it alone!

As we enter the last few weeks of the school year while summer is around the corner, we take this opportunity to wish all of you a safe, peaceful, and refreshing summer.

It is the best time to reconnect with your family, make your relationships even stronger, and do the activities that your kids enjoy the most. We look forward to seeing all of you in September!

Ambition . Diligence . Knowledge

In June, we will recapitulate,

1. s, a, t, i, p, n
2. c k, e, h, r, m, d
3. g, o, u, l, f, b
4. ai, j, oa, ie, ee, or
5. z, w, ng, v, oo, oo
6. y, x, ch, sh, th, th
7. qu, ou, oi, ue, er, ar

Literacy:

A reinforcement, review, and assessment of the concepts done earlier.

Jolly phonics (Group 1-6), Rhyming words.

Assessment: Final Term assessment will also be part of this month. Teachers have already informed the parents about the curriculum and assessment week will be the first week of June. Hope parents also help them prepare for it.

Numeracy: Subtraction and review of previous concepts: Numbers: Oral (1-20): Printing, counting, backward, smaller bigger number, operations of addition and subtraction (1-10), what comes before and after.

Science / Social: We will review traffic signals and safety precautions.

End of the Year Activities!

Before we bid goodbye until the next school year, we will dedicate some of our days to fun activities to cherish this time.

Drawing Competition: June 7th, we will have a drawing competition at our campus for kids which can be a great motivation for students to create and showcase their best work.

Field Trip: June 14th, we will be taking our kids to the TELUS Spark Science Centre. They will be learning about their curriculum under the supervision of a guide and will enjoy a fun time at 3D theatre, play station and outdoor playground. We are all super excited for this event. We appreciate all our volunteers who are generously helping us in dealing with the kids during the field trip hours. It could not be done without your support!

Graduation Ceremony: Graduation ceremony will be held on June 20th. Each child will receive a group picture and report card for completing Junior Kindergarten or Kindergarten. According to child Psychologists, these early school years are quite significant for a child's physical, social, and moral development. We are happy that our students have learnt basic skills, Numeracy, Literacy, discipline, and independence from those around them.

Report cards: Report cards will go home on June 20th, 2024.

Last Day of School: The last working day of school will be June 21st, 2024, and we will enjoy the day with fun activities.
