March - 2026

Theme of the month – Weather Wonders

Spring is a season of growth, sunshine and new beginnings!
In our Classroom, we are excited to explore blooming flowers, changing weather and the wonderful ways nature grows and changes.
Just like the season, our little learners are blossoming every day-learning, Sharing and Shining in their special ways.

Learn Today, Lead Tomorrow

NEWSLETTER

Ambition . Diligence . Knowledge

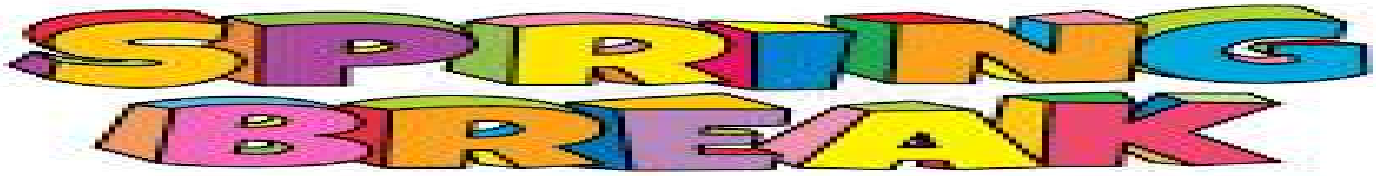

March *is filled with meaningful events and opportunities. We look forward to celebrating* ***International Women's Day*** *and* ***Saint Patrick's Day****, as well as connecting with families during* ***Teacher Conferences*** *to discuss student progress and achievements. The month concludes with* ***Spring Break****, providing a well-deserved time to rest and recharge for the season ahead.* **We are also excited to host Rhyme Competition Day, where our little champs will confidently present their favorite rhymes with expressive actions and poise.**

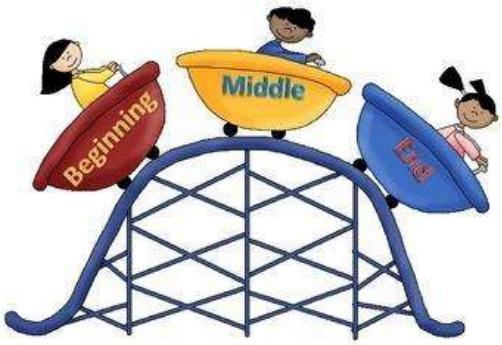

WHAT WE ARE LEARNING

Early literacy -We will concentrate on Jolly Phonics sound while building skills in rhyming words, sight words, and identifying beginning, middle, and ending sounds. Our lessons will include correct letter formation from A to Z. For kindergarten, we also focus on strengthening both long and short vowel sounds, with special attention to the "ar," "at," "ed," and "id" sounds, ensuring a strong foundation in reading and writing.

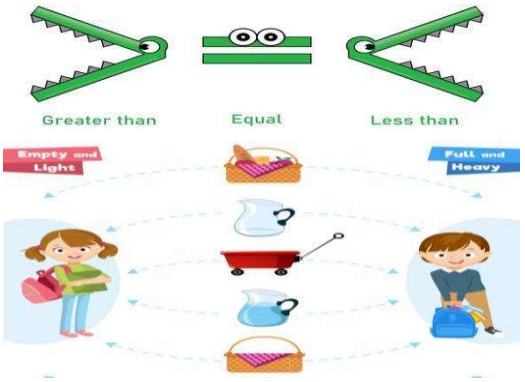

Physical skills & - Well-being

This month, we're exploring money in Canada! We'll learn about the animals and faces on coins and bills and hear the fun story of the Loonie. Get ready for an exciting money adventure!

Numeracy- This month, we're excited to explore the concepts of greater than less than & equal, full and empty, heavy and light, and long and short! Through a variety of interactive and hands-on activities, children will build a clear understanding of these basic measurement concepts. Our fun and engaging lessons are designed to strengthen foundational math skills while building confidence in an enjoyable and me.

Science & Social Science-

We're excited to explore the four seasons through engaging, hands-on-activities and interactive lessons. We'll learn how the weather changes throughout the year, how plants, animals, and people adapt to each season, and discover baby animals and how they grow. We will also explore the life cycles of the butterfly and the frog, making learning and meaningful while deepening us understanding of the natural world.
